'Myth' screening will benefit local arts council

By MICHAEL DANIELS

The Mahoosuc Arts Council has been selected as the beneficiary of a special sneak preview of "The Myth of Fingerprints."

The film, which stars Noah Wyle, Roy Scheider and Blythe Danner, was filmed last year in Andover and Bethel.

"The Myth of Fingerprints" opened recently in Los Angeles and New York and is expected to begin a run at the Casablanca Cinema sometime in mid-November.

But local viewers who are willing to pony up \$15 a ticket (\$25 for a couple) won't have to wait that long -- a local sneak preview has been set for Oct. 14 at the Casablanca.

The proceeds will go to a good cause: the Mahoosuc Arts Council, a nonprofit organization that sponsors programs in the arts for

Rabies outbreak here was clustered

By ALISON ALOISIO

The rabies epidemic apparently lived up to its billing this summer -- at least in certain parts of the Bethel area.

"It seems to be hitting in pockets," said Kathy Jo Farren of the Bethel Animal Hospital. "If you don't live in that area, it's not a big deal -- but if you do, it's a very big deal."

Farren said BAH has not seen any cases of domestic animals testing positive for rabies. But there were several incidents of vaccinated domestic pets being attacked by or coming into contact with rabid animals.

In West Bethel, for instance, a dog went after a rabid fox that was chasing chickens.

The domestic animals involved in the incidents had booster shots and were quarantined for 45 days. Farren said the practice is currently seeing several pets from Mexico that were exposed.

One dog that had not had rabies shots was put down after being exposed, she said.

Mixed reports from ACOs

In Bethel, there have been seven incidents of domestic animals contacting rabid animals -- four of them in the village, according to Pam Conkright, animal control officer.

Conkright said most of the seven cases involved dogs contacting raccoons or foxes.

About two weeks ago, Bethel police chief Dale Bellman had to shoot a cat that was rabid.

Conkright said her impression of the epidemic is that it has not been as bad as predicted -- but, she said, "it's not over yet."

Everett Chase, ACO in Greenwood and Hanover, said he had en-

Time is running out for input on Bethel comprehensive plan

By ALISON ALOISIO

Should voters approve rules to prevent another Rite Aid traffic scenario in Bethel?

Should action be taken to protect the town's scenic views from development?

Should the town consider measures to discourage people from building homes in the rural areas of town?

Should the possible presence of endangered species be considered in any development standards Bethel might adopt?

Those are just a few of the questions Bethel's Comprehensive Planning Committee wants townspeople to answer -- preferably at Tuesday's

planning assistant.

The town currently has a comprehensive plan -- prepared in 1986 -- but it is very general and has few standards regarding land use.

The 1997 committee has been taking inventory of the town's resources over the past few months, with the help of John Maloney of AVCOG.

Some examples of what they have learned: Although Bethel's population remained steady between 1980 and 1990, the total number of dwelling units increased by 28 percent; the average sale price of homes increased from \$66,000 in

Concerns raised again over the growing number of MDOT signs

By ALISON ALOISIO

In response to concerns that MDOT directional signs may be nudging visitors away from Bethel's Main Street, state Sen. Norm Ferguson is seeking a 60-day moratorium on further signage.

Ferguson (R-Hanover) and state Rep. Al Barth (R-Bethel) both attended a hastily-called meeting Monday, at which town officials and a pair of businesspeople expressed their worries about the signs. Concerns focused particularly on those located just south of town on Route 26.

"A number of the signs direct people across the Parkway," said Sally Taylor, who owns a bed & breakfast and antique business on Broad Street. "People don't know the village is here. You have to

public forum at the Crescent Park Elementary School.

"We want people to come to the forum and tell us what they think before they vote on the final plan at next year's annual Town Meeting," said Nancy Schlieper, Bethel's

have customers, no matter how pretty you've painted up your shop."

A large green and white sign, installed this spring just south of town on Route 26, directs drivers to the Parkway with the words, "Recreational Area -- To 2 East -- Newry - Sunday River -- Next Right."

The sign was one of four put up as a result of a March meeting

among MDOT, Newry and Sunday River Ski Resort officials.

MDOT has placed such signs in areas of the state where blue MDOT directional signs (for individual businesses) have proliferated -- hoping the businesses would then voluntarily take the blue signs down. As of last spring, there were a total of 136 blue signs in Bethel.

(Sunday River has removed three of its signs and is considering others, said spokesman Mike Bertie.)

Prior to the coming of the Parkway and the recent signs, said Taylor, motorists approaching the Cross Street turn could look ahead and see the beginning of Main Street and the "Bethel Business

Bethel votes Monday on sewer-plant grant

By MICHAEL DANIELS

Bethel voters will be asked at a special Town Meeting Monday to approve a grant application to cover a small part of the cost of upgrading the town's sewer treatment plant.

The upgrade project is expected to cost in the neighborhood of \$2.2 million, with funding coming from a variety of sources, including an Economic Development Agency grant (\$300,000), Rural Development grant (\$500,000), Rural Development loan (\$750,000) and other borrowed funds.

All the amounts listed above are approximate, as details of the total package are still being worked out.

For example, the recent survey of

households connected to the sewer system revealed that their median income is just over \$21,000 (or \$1,000) below the amount indicated in a 1990 survey -- and that difference could qualify the town for a lower Rural Development loan rate and/or a larger grant amount.

Town Manager Phil Tarr is also exploring how the town could qualify for other "extremely low-cost money available through the DEP."

The piece of the package going to voters Monday is for a \$200,000 Community Development Block Grant.

THE REWARDS OF CIVIC CULTURE

To the Editor:

The recent study which measures and compares "civic culture" in the United States, ranks the State of Maine near the top of the list (fourth).

According to the study, a civic culture has four characteristics: 1) participation in public affairs; 2) a strong belief in equality; 3) a willingness to trust one another; and 4) a willingness to join community groups such as social clubs or neighborhood watch associations.

Discussing these ideas, Iowa State University political science professor Tom Rice notes that civic societies promote healthy economies. Thus it would seem that Bethel has an advantage. Cooperative efforts are underway to keep Main Street and the village alive and healthy. Attractive new lighting, better directional signs and maps are some of the ideas being considered. The post office will stay on Main Street.

Our civic culture enables us to have a special community, but the real reward comes when we have a village where we can both live and work. We need our Main Street to be there for us in every sense of the word.

VICTORY FOR AVARICE

To the Editor:

Congratulations to P.N.G.T.S. for an auspicious takeover in East Bethel.

I have read literature on the negative effects the pipeline will have on the East Bethel community. Clare Piaflock was kind and gracious enough to come down to my home, when I asked, to show me excerpts from the FERC manual, various informative news articles and faxes. I also met Wally Hannigan through school and she has enlightened me on many issues.

I abhor the idea that I have no say on what happens to my property. I am forced to live on top of a potentially volatile high-pressure gas line without a choice. I shudder when I think of what will run only three feet below my children's feet as they play in their own front yard.

Does anybody think they will benefit from this pipeline for household purposes? Think again. This pipeline is being constructed for the avaricious intents of the paper mills.

P.N.G.T.S., in my opinion, stands for "pungent." The pungent smell of money and greed at the expense of the little people.

I have enjoyed being one of the little people in my microcosm I call Bethel, Maine. I'm afraid I will soon be living in a "North Conway." Progress is good, but too much progress in such a quaint New England town ruins a way of life I have come to relish.

It's like those people out in Albany who want to see the stellar display above their heads, to hear the crickets instead of the whir of traffic en route to the bingo hall. I would like to enjoy the beauty of my neighborhood, without the insidious flow of gas beneath my feet.

A VOTE FOR THE COMPACT

To the Editor:

I will be voting yes on Question 1, the Compact For Maine's Forest. As a forest industry worker and a member of the Pulp and Paperworkers' Resource Council, this positive solution to maintaining a sustainable forest is a welcome idea. A sustainable forest means that industry and the jobs provided will be here for the future. The Compact is an excellent beginning in achieving a balance between jobs and the environment.

It assures that Maine's large landowners will follow sound forestry practices and that reports on their progress will be available to the public. It sets a cap on the amount of clearcutting that the large landowners will be allowed to do -- a cap that is 75 percent lower than is allowed by current law. No clearcutting at all is to be allowed without going through a new and stringent permitting process. Regulations contained within the Compact apply throughout the entire state.

The Compact provides special provisions for small landowners. Included is a provision for education and technical assistance to help build the productivity and value of small woodlots. The means to assure that local harvesting ordinances remain fair and equitable to small woodlot owners is also provided. Passage of the Compact will help to assure continued access to Maine's private forest land by sportsmen and recreational users. The Compact is supported by many outdoor groups, including the Sportsmen's Alliance of Maine and the Sporting Camp Owners Association.

It makes good sense to vote yes on Question 1.

HAZARDOUS WASTE CLEAN-UP

To the Editor:

This is to thank everyone who participated in the annual Household Hazardous Waste Collection last Saturday. You not only made your own home a little safer, but you reduced the chance for future contamination of our groundwater, streams, and rivers.

For those who weren't able to participate this year, get a head start on next year by segregating all your no-longer-useable materials. Some of these can be disposed of safely without waiting for the next HHW collection.

Latex (water-based) paint is not classified as hazardous waste. The containers can be left open (away from children and pets) to let the contents slowly harden to a solid which can be included with regular trash.

Ordinary alkaline batteries can be included with regular trash. Used motor oil is accepted by several local garages for use in waste oil heaters. Used anti-freeze is also accepted by some garages for either on-site or off-site reclaiming. If your own garage doesn't do this, they will likely know who does.

In addition to your own home, how about considering a friend or relative who could use some help in cleaning out hazardous materials during the coming year?

Briefly

Martha's to become restaurant again?

BETHEL--The Planning Board gave developer Bob Laux the go-ahead last week to submit a site plan for a restaurant at the former Martha's Restaurant on lower Main Street, adjacent to the ambulance barn. Laux would have to join the property to an adjacent parcel in order to provide enough parking. A preliminary drawing he submitted to the board showed enough parking spaces for a 75-seat restaurant. Planners expressed concern that on occasions when the parking lot might be full, patrons would park on the ambulance barn property, possibly blocking access by rescue personnel. Others worried about the possible effect on the Main/Railroad streets intersection. Planning assistant Nancy Schleifer suggested reducing the number of allowable seats in the restaurant, to ensure there would be enough parking on-site.

Sidewalk ordinance proposed

WOODSTOCK--Selectmen will consider a new sidewalk parking ordinance Oct. 7. The ordinance reads, in part: "No person shall ride, drive, wheel, park or operate any motorized or motor driven vehicle upon any sidewalk except at a permanent or temporary driveway. No person shall ride or drive any horse or other animal upon any sidewalk, except at a permanent or temporary driveway." Violations may result in a fine of between \$50 and \$100 dollars. Vern Maxfield, town manager, said the proposed ordinance was prompted by requests from residents living on Route 26 from the Village Store south. "People have been parking on the sidewalks," Maxfield said. "We put out signs, but without an ordinance they're of little value." While the decision rests with the selectmen, they will hear public comment prior to voting at the 6 p.m. meeting, to be held at the town office.

Property tax rate lowered

BETHEL--The Board of Assessors reduced the town's property tax rate last week, from \$14.65 per \$1,000 of property value to \$14.55. The board was able to cut the mil rate because of approximately \$5.2 million in new valuation that went onto Bethel's tax rolls. About \$2 million of that was personal property at the P.H. Chadbourn lumber mill, which expanded its operations. The Norway Savings Bank building also contributed new valuation. About 2,200 tax bills were scheduled to be sent out Monday. The bills are due Oct. 1. If they are not paid by Nov. 15, the town will charge interest.

Rite Aid OK'd

BETHEL--The Planning Board last week approved an application from Rite Aid to build a store at the intersection of Route 2 and the Parkway. Fourteen conditions were attached to the approval, including one that reads: "Within 18 months of completion, if there are a series of traffic accidents, which MDOT can attribute to the new Rite Aid entrance, and/or traffic delays, Rite Aid will pay for a light at the intersection of Route 2 and the Parkway, the cost of which will be shared with money in escrow for such a purpose from Bethel Station."

As is pipeline

PORTLAND--The Federal Energy Regulatory Commission last week issued a Certificate of Public Convenience and Necessity for the Portland Natural Gas Transmission System's proposed pipeline from Canada to Massachusetts. The certificate, which also covers the proposed lateral line from Albany Township to Jay, was the major regulatory hurdle the \$302 million project needed to clear. The approval had been expected: PNGTS received preliminary approval on non-environmental matters on July 31, 1996, and last month FERC published a Final Environmental Impact Statement, concluding that the project could be constructed without adverse impact. Also as expected, the route approved by FERC for the lateral line follows the East Bethel Road (as described in The Citizen, Sept. 16). Final details for the route (for example, whether the pipeline will be moved across the street to avoid the Intervale Road of Wally Hannigan and her family) are still being worked out, according to PNGTS spokesman Stan Usowicz.

Ex-Bethel man sentenced to 16 years

PORTLAND--A former Bethel man was sentenced to 16 years in prison last week for possession of a firearm by a convicted felon, Gary Roshto Jr., 29, pled guilty to the firearms charge in April. According to U.S. District Court records, he burglarized Carl Nolan's mobile home in Bethel in November 1996. He stole a rifle and sold it to an Auburn pawn shop. Because of his criminal record, Roshto qualified as an armed career criminal. A person previously convicted of three or more violent felonies, who possesses a firearm, faces a mandatory minimum sentence of 15 years. He has previous convictions for three burglaries in Oxford County. In an unrelated case, Roshto has pled guilty in Cumberland County Superior Court to state charges of robbery and aggravated assault, and is awaiting sentencing.

Greenwood Town Meeting scheduled

GREENWOOD--A special Town Meeting will take place Oct. 21 to elect a selectman to fill the seat being vacated by Harry Swan. The meeting will be held at the Town Office at 7 p.m. Albert Curtis is a candidate for the position, according to selectman chair Marie Bartlett. Swan, a lifelong resident of Greenwood is moving to Paris. At the same meeting voters will be asked to approve a minor wording change in the town's Floodplain Control Ordinance. The change, according to Bartlett, is to correct an omission in the present wording.

Stump dump move approved

GREENWOOD--The Maine Department of Environmental Protection has issued a license which will allow the Greenstock Stump Dump (which serves the town of Greenwood and Woodstock) to be relocated from Greenwood City to the transfer station facility on Route 26 in Locke Mills. A new gravel area, concrete slab and circular road will be constructed to accommodate containers for brown and white goods. The construction contract (for up to \$51,000, with some details still to be negotiated) was awarded Tuesday to Pratt and Sons of Mechanic Falls. The new facility should be ready by year's end, according to Greenwood selectmen.

Selectmen discuss library complaint

ANDOVER--Selectmen took no action following an executive session with librarian Christine Mulvaney, in which they discussed a complaint against her. The nature of the complaint was not made public. After emerging from the 20-minute session, Mills said the board would like the library Board of Trustees to establish a consistent system for handling complaints in the future. Problems, he said, should be dealt with by the full 12-member library board rather than by individuals. Trustee Lidah Iles, who also attended the selectmen's meeting, said the board is in the process of reworking library policies, and will address the issue. The board, she said, "dropped the ball" on the incident with Mulvaney.

Fall Festival Weekend coming

NEWRY--Sunday River Ski Resort will hold its annual Fall Festival Oct. 11-13. The resort will host the Blue Mountain Arts & Crafts Fair, a children's carnival (pony rides, mini-golf, games, etc.) and a mountain bike race on both Saturday and Sunday. A fireworks display is scheduled for Saturday night.

Driving dynamics class offered

BETHEL--A Maine Driving Dynamics Course is scheduled for Bethel in October. Classes will be held at Telstar High School on Oct. 14 and 21 from 6:30 to 9 p.m. Those completing the course will receive a three-point credit on their driving record. The course covers accident-avoidance techniques with films, discussion and lectures. Students must register in advance by calling the Adult Education office at 824-2780.

Rabies

Continued from page 1

countered one case in each town since the spring.

In Hanover, a dog had contact with a rabid skunk, and had to be put to sleep when the owner couldn't prove the dog had been vaccinated.

In Greenwood, a dog had contact with a rabid raccoon. That pet, however, had been vaccinated and was quarantined.

Woodstock did not see any domestic pet/rabid wild animal incidents this summer, according to ACO Marsha McKenna. She said she believes people are keeping their pets close to home -- and vaccinated. "They know what's going on and they don't want it to happen to them," she said.

Newry also had no recorded cases of pet/rabid wild animal contact during the summer, according to ACO Alan Fleet.

Fleet said there have been several foxes found dead or nearly dead, probably from rabies. Two were near Sunday River Ski Resort, one in Coombs Village, one on the Monkey Brook Road and several in a field in North Newry.

Fleet said he believes many raccoons and skunks died from the dis-

ease in early spring. "You don't see as many hit by the road now," he said.

That theory may be indirectly supported by reports to the Bethel Animal Hospital about domestic animals being eaten by coydogs.

Farren said the coydogs may be going after pets because their regular diet of skunks and raccoons isn't enough. "We've had a lot of people reporting cats missing," she said.

One person, said Farren, actually saw a coydog drag a small pet dog into the woods.

It can take up to six months for rabies symptoms to appear, Farren said.

The bigger picture

The state's Health and Environmental Testing Lab has recorded 38 positive rabies tests for Oxford County so far in 1997. That compares to 26 in all of 1996.

Of Maine's 16 counties, Oxford has the third-highest tally of cases. Cumberland is first with 64, followed by Androscoggin with 39.

The statewide total so far is 183, compared to 131 in 1996.

Moon spring

wishing to escape city life along the East Coast.

The mountain spa survived the Civil War, but the hotel and its outbuildings were destroyed by fire in 1872 and not rebuilt. Even after this setback, the clear spring water continued to be shipped out by rail, to the relief of those who were now convinced of its medicinal qualities.

It was not until around 1890, however, that the odd fluctuations in the spring's flow -- the so-called moon tide effect -- were first noted and brought to the public's attention. This peculiarity, seen in relatively few springs, offered up an ideal advertising tool that was taken full vantage of by the spring's twentieth century owners and eventually brought the spring world-wide notoriety.

"The spring has fascinated historians and scientists for well over a hundred years," said Bennett, who began his own research in the early 1970s. After authoring several magazine articles about the spring, he went on to other subjects, but the

discovery of some valuable nineteenth century accounts, as well as a large collection of photos taken at the site from the 1850s to the 1930s, led him to delve even further into its past.

"I think the most interesting part of the work was trying to separate fact from fiction, which wasn't easy since the spring's owners developed numerous folk tales to promote and sell the water," Bennett said.

According to Bennett, previous writers have perpetuated certain myths associated with the Moon Tide Spring by not recognizing them as elaborate advertising schemes that were developed by the spring's owners. "For example, Indians have long been credited with discovering the healing qualities of the Moon Tide Spring," stated Bennett, "but such stories can only be traced back to the early 1920s, when the Mount Zircon Spring Water Company was in the process of tremendous expansion and saw no harm in using such tall tales to draw attention to its products.

Likewise, Dexter Abbott's naming of the mountain on which the spring is located had a lot more to do with images conjured up by the word "Zircon" than with actual mineral discoveries made there. And explanations for the moon tide effect, at least until a scientific study was carried out in 1986, relied mostly on legend and hearsay than on actual investigations of the periodic changes in the spring's flow."

The preview is being jointly sponsored by the Bethel Area Chamber of Commerce, the Maine Film Commission and the film's producers.

The selection of the Mahoosuc Arts Council as the beneficiary of the event was a joint decision of the three sponsors, said Robin Zinchuk, BACC executive director.

"We all felt that the Arts Council was the most appropriate recipient," Zinchuk said. "And the chamber is delighted that Bethel has been put on the map in another way."

Vicky Rackliffe, executive director of the arts organization, said: "We are thrilled and very appreciative of this generous gift to the community and Mahoosuc Arts. The impact of this gesture is an enduring statement of support for the arts and the creative process."

One-hundred and ninety tickets are available for the screening, on a first-come, first-served basis. Tickets must be paid for in advance; there will be no cash collected on the evening the film is shown.

The film will be shown at 6:30 p.m. and preceded by a 5:30 reception (the actors have commitments elsewhere and are not expected to attend).

For tickets or further information call the chamber at 824-2282.

Bethel

by Arlene Brown & Ginny Keniston

Mechanic Street and its new sidewalk were paved last week. It's great to have a smooth road to drive on after months when the street has been torn up during the installation of new water and sewer lines and rebuilding of the street.

Fran and Dick Bernier's dog, Dascha von Olgameister, passed her Schutzhund I level with very nice scores at the Western Maine Schutzhund Club's fall trials on the weekend of Sept. 20-21. German SV judge Herr Peter Dittmeier presided throughout the weekend, and the Berners hosted the club's visit to Bethel. A total of 22 dog/handler teams, from Florida, Canada, Connecticut, Massachusetts, Vermont, New Hampshire and Maine, participated at various levels of the Schutzhund sport and were cheered on by approximately 100 enthusiastic working-dog spectators. Tracking trials were held in fields belonging to Arthur Ladd, Rumford Point; obedience and protection portions were held on the upper field of Telstar Regional High School; and endurance trials (12.5-mile test where a dog trots beside bicycle and rider) were held on the Flat Road, West Bethel.

Mr. and Mrs. Richard Paine were weekend guests of his parents, Bud and Mary Paine.

Miss Arlene Brown is visiting Mr. and Mrs. James Brown and Mr. and Mrs. Blake McKay.

On Friday, Sept. 26, the National Honor Society at Telstar hosted a

'60s and '70s Sadie Hawkins Dance. Bill Morton was the DJ. Wayne and Carolyn Curren of Sarasota, Fla., are guests of Tim and Judy Kersey.

Locke Mills

October is nearly
here, I hope the
winter flies as
fast as September
has. Indeed, the
whole summer
has, for us anyway, been very
pleasant but has whizzed by. My
grandmother always said one
should not wish time away so I
won't, but let's face it, winter for
most of us is more of a hardship
than summer. For those who ski
well, that is a different story and
I'm glad they enjoy it.

I got a call from my son, Ralph Mills, the other day and he said he had gotten to the 22nd Highland Games on Loon Mountain in Lincoln, N.H., back on the weekend of the 13th and 14th of September. He was pleasantly surprised to see Blaine and Margaret Mills there representing the St. Andrews Society of Maine. It is always nice to go to something like that and meet someone from home. He does plan to get to Maine during October, which will be nice since he's planning on spending Christmas in Texas. Since he's never missed a Christmas here he was a little worried how I'd take it. I told him maybe it was time that he did something a little different. Maybe it will make him appreciate a White Christmas a little more or maybe he'll find there's something to be said for the warmth of Texas. Who knows?

Tina Philbrick from Rumford is spending several days of her vacation visiting Debbie and Owéh Brown. The Browns report that Kim is doing fine, but would appreciate hearing from anyone who'd care to write or send cards.

Lorraine Larson and Ann Fitzmorris were in Rumford recently, doing some shopping and business.

Wanda Ryerson is working on the night shift at the C.B. Cummings Dowel Mill in Norway.

On Wednesday, the 17th of September, there was a Stoneham Church meeting at the vestry with 12 members present. Much business was discussed. The secretary's and treasurer's reports were read and accepted. On the agenda a new toilet system was talked about. Some changes will have to be made.

On Sept. 20, Carolyn Heino and I went to Saugus, Mass., on business.

Is everybody ready for the Fryeburg Fair? It's such a big fair now, I'm glad they have lots of resting benches around the grounds. The foliage is about a week or two behind this year. Just like me.

Not much news this past week. It's all happening this week and I'll tell you about it next week, which is going to be busy, too.

Troy Nelson is at home now after being at the "Little Camp" at Lake Keweydin this summer.

Church services will be held at the North Waterford Church during the month of October. See you there?

The Daughters of Union Veterans of the Civil War, Hannah F. Richardson Tent 19 had a supper at 6 p.m. at the church vestry here on Sept. 24 for the annual Inspection Supper and meeting. Stoneham furnished casseroles, and the other two Tents furnished salads and desserts.

The meeting followed at 7:30 p.m. at the K. of P. Hall with Tent president Lesley Dean presiding. There were seven from Norway Tent 8, six from Bryant Pond Tent 17, seven from the Sons of Veterans, and seven from Stoneham Tent 19. What a nice turnout.

Lesley reported on the National D.U.V. convention which was held in Minneapolis in August.

Sally Sawyer filled is as senior vice president, Alice Hoyt as treasurer, Helvi Cary and Elsie Bonney as color bearers.

Maine Department D.U.V. president Marybeth Jones gave us a few words, as did department inspector Joyce Gouin and department treasurer Elsie Bonney. Ken Butterfield from the Sons of Veterans, department commander Dennis Gray, and the past department commander Otis Evans also spoke.

The charter was draped in memory of past National D.U.V. president Dorothy K. Culantuno, who passed away recently.

Those receiving mystery prizes for the evening were Lucy Brown, Alice Hoyt and Emogene Staples.

The secretary's and treasurer's reports were read and accepted.

The next regular meeting is planned to be at the home of Marybeth Jones in Fryeburg on Wednesday, Oct. 22.

Norman and Grace Farrington from Houston, Texas, are in the area and while here have been visiting Ed and Lois Niemi as well as other relatives.

Girl Scouts in the area will be starting in October. Darlene Dunn will be assistant leader of the Junior Troop 131. Brownies have started meeting at the New Suncook School after school at 2:30 p.m. This is for first, second, and third grades and all are welcome.

The little church

(Newry
Community
Church) is
having a "face
lift" (floor), so
there will be no
services till further notice. Audrey
Brooke and her mother and father
are doing the work.

The Windy Valley Snowmobile Club will meet Oct. 7 at the Town Building. Don't forget the big lawn sale Oct. 4, starting at 9 a.m. Tables are available at \$5 each. Donations of articles, etc., will be appreciated, bring them early. Thank you.

Members of the Newry Bowling Gang were at Oxford Lanes in Rumford one day last week: Karlene Bachelder, Betsy Clark, Gil Seeley, Eleanor Davis, Bea Lowell and Doris Parent. On the overall scores, Karlene was high on the singles with one string of 103, she also was high on the triples. On the first string Betsy was high, beating Gil by six pins. On the second string, Karlene made her 103 string, and she was also high on the singles, but Doris was high on the triples. All went to lunch and did some shopping.

This autumn mellowness usually lasts into November then come days of quite another kind, our winter, while colors vanish like a sunset.

I notice the beauty of fall but a bit of sadness creeps in because my "dear summer" has gone, three days now.

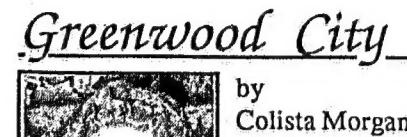

During the blessed color days the winds are gentle, and the landscape hushed everywhere, and indescribably impressive. The ducks are usually seen sailing on the pond, apparently more for pleasure than anything else, while squirrels are busy in the groves.

This autumnal mellowness usually lasts into November then come days of quite another kind, our winter, while colors vanish like a sunset.

Autumn... The Indian Summer.... The dead summer's soul.... To her bier comes the year, not with weeping and distress, as mortals do; but to guide her way to it, all the trees have torches lit."

Divinest Autumn! Who may paint the best, forever changeful, o'er the

changeable globe? Who guess thy certain crown, thy favorite crest, the fashion of thy many colored robe?

This is the day that autumn arrives and what lovely weather we have. Pure sunshine most of

the time. How pretty my big rock is made by leaf shadows. Some are particularly clear and distinct, and beyond all art in grace and delicacy, now still as if painted on stone, now gliding softly as if afraid of noise, now dancing, waltzing in swift, merry swirls or leaping on and off sunny rocks. Noble plants, too, in perfect health.

Pete, Laurene and Danielle Appleby came by for a visit one night this week.

I was surprised to see the new home Doreen and Harold Wilbur have near their other home. The older home is being razed and the

I was surprised to see the new home Doreen and Harold Wilbur have near their other home. The older home is being razed and the

new one is in the back of it. I don't go up that way often and thought it was very nice. I wish them much luck and happiness in the future.

Volunteers have placed jars at various locations to raise money for the Whitman Library expansion. Just from small change over \$45 has been collected. With the Stephen King Foundation grant, this becomes \$70!

What a nice looking job is being done to the old garage and the new garage of Mike Nadeau here in South Woodstock. Tim Poland and Perry Ryerson are among others doing work on the project.

Kelli Record and Carol Hall attended the Common Ground Fair this past weekend. Richard Wing took his granddaughter, Jessie Hart, to work at Bonanza Saturday as Kelli was at the fair.

Andre Bernier and crew are all done on the cement work on the garage out back of our home. We hope to have the garage built next year. They were very pleasant workers to have around and did a very good job.

Lenny Dillingham is going into the hospital for surgery the middle part of October. We wish him a speedy recovery.

Ian Monzo, Brooke and Ken Grover spent one night last week with their grandmother, Tommy Poland.

Gould hosts Alumni Weekend 1997

More than 400 alumni from around the world gathered on Gould Academy's campus this weekend to celebrate Alumni Weekend. Included in the crowd were Edna Bean York of Bethel, Thelma Rolfe Card of Norway and Vivian Eagle Barlow of Andover, all members of the 70th reunion class of 1927.

During the weekend festivities, the Gould Academy Alumni Association held its annual meeting and awards ceremony, during which Alberta Merrill '51, of Bethel, was elected treasurer to the association's board. The board of 22 also includes local residents Polly Philbrick Davis '45 of Bethel, Nancy Cole Newsom Farmer '62, of Norway and Bethel, and Barbara Merrill-Lapham '55 of Hanover.

Alumni Association president Peter Thurston '75 of Stratham, N.H., formerly of Bethel, announced the Alumni Board's vote to allocate funds to purchase a video camera for the Academy's senior class so that each year the seniors may record their special events, sports and day-to-day lives at Gould Academy. The Board will assist the seniors in editing the final product and will provide a copy of the tape for each graduate.

In addition, the weekend events included reunion class parties, a presentation of "Gould Through the Years" by Stan Howe '62 of the Bethel Historical Society, the annual Frank Vogt Fun Run, and an informal nine-hole scramble at the Bethel Inn & Country Club — the proceeds of which have been donated to the Academy's annual fund.

This week at the

Moses Mason House

All members and friends of the Bethel Historical Society are reminded that the next meeting will be held on Thursday, Oct. 2, in the meeting room of the Dr. Moses Mason House, beginning at 7:30 p.m. Featured during the program portion of the meeting will be the annual "What's It." Those attending are urged to bring an unusual artifact from the past to discuss during this time. Following this, an oral history panel discussion will take place on the 1947 fires that created so much havoc in so many parts of the state 50 years ago this year. Persons with memories of those difficult times are especially urged to attend to share their recollections.

The Guy P. Gannett Publishing Company published a 16-page pictorial review in the fall of 1947, which contains many photographs of the devastation that these fires left in their wake. A copy of the issue will be available for those attending to view. To learn more about this era, come and hear from those who lived through it. Everyone is welcome.

The 1997 Annual Fund Campaign of the Bethel Historical Society has passed the \$7,500 level from 271 donors. Among the most recent contributors are: Perry Chapman Jr., Limington, in memory of Perry Chapman Sr.; Fillmore and Shirley Clough, Bethel, in memory of Millard Clough; Margaret Joy Tibbets, Bethel, in memory of W. Ashby Tibbets and Mary Tibbets Freeman; Colleen F. Boyd, West Bethel; Carolyn Nygren, Medford, Mass., in memory of Ethel Nygren; Priscilla Wiley, Woodbury, Conn., in memory of Ruth Carver Ames. Much appreciation is expressed to all of the above for their generosity. Those wishing to help the society meet its ongoing expenses of operations should send tax-deductible contributions to the society at P.O. Box 12, Bethel, ME 04217-0012.

From the

Jackson-Silver Aux.

The latest meeting was held on Sept. 18. Those on the committee for the Richard Felt benefit supper reported having met with the Grange committee and that plans have been completed. There is hope for a large crowd to attend this supper and dance.

It was reported that a number of members had attended the barbecue picnic at the Veterans Home in South Paris on Sept. 13. Those who had not previously volunteered there were much impressed by the experience and hope to be able to help again in the future.

Three members attended the meeting of the Oxford County Council Legion Auxiliary at South Paris on Sept. 17. They were sorry to hear of the illness of past department commander Vito DeFilippis of Rumford. Other members expect to attend the Fall Conference in Waterville on the 27th.

In addition to the benefit supper for Richard Felt on Sept. 23, members are planning for a Harvest Supper and dance on Oct. 14. That will be the last monthly supper and dance of this year and the dance music will be supplied by the Parishes.

The Legion and Auxiliaries will meet again on Oct. 2, and on Oct. 16 will have the annual Girls State and Boys State supper. At that time the young people who attended those mock government sessions in June will report on their experiences and what they learned from them.

From the

Waterford Historical Society

The October meeting of the Waterford Historical Society will be held Thursday, Oct. 9 at the Wesleyan Chapel in South Waterford which is located at the intersection of Mill Hill Road and routes 35 and 37. Following a short business meeting, which will begin at 7 p.m., George Jones, chairman of the Department of Social Studies at Oxford Hills High School, along with several students, will present a program about an integrated-studies course of U.S. History and American Literature. The course, required of all juniors, is an example of "education on the cutting edge" since it seeks to feature the interrelation of history and the arts as they unfolded together in this country and in this local area.

As we are all teachers and students of history, the public is encouraged to attend and to bring a dessert to share for refreshments after the program. Still on view for this month's meeting is the Bicentennial Art Show which features paintings by local artists of Waterford over several generations.

The society offers two volumes of Waterford's History, one covering the years from the settling of the town in 1775-1855 is available for \$12 and the second volume, richly illustrated with photos, covers 1875 to 1976 for \$10. Together, the volumes cost \$20 and would make a fine gift. The books can be purchased at the Town Hall, Tut's Store, Knight Library, or write to Box 201, Waterford, ME 04088.

From the

Andover Public Library

As many of you have noticed, the dedicated volunteers finally finished painting the library this summer, some landscaping was planted, the sagging basement floor and rotten beams were repaired, and the basement was refinished. All this work was done with volunteer labor to save the town money and to preserve a historic building.

Library members wish to express sincere thanks to those who helped this summer: Don Wardwell, Trudy Akers, Tim Akers, Paul Trainor, Penny Poor, Maria Cornwell, John Berg, Earle Towne, Alexis Burgi, Brad Thibodeau, Jim Mulvaney, Jim Bodwell, Charlie Glazier, Dale McKay, Karen McKay, Casey and Kegan McDonough, Marshall Meissner, Lida Iles and Bob Iles.

Thanks also to the Trainors for permitting the Blaine House Service Corp. workers to use their campground while the service group helped the volunteers for a few days; to Steve Swasey for the loan and railroad ties he contributed; to Woody Greeke for professional advice and the contribution of a water heater; and to the Mills family for the lovely dwarf spruce trees given in memory of their grandmother, Margaret Learned, who was librarian for 38 years.

The library staff apologizes if anyone's name has been omitted -- there were so many who helped. Thanks again to all of you.

From the

Bethel Area C. of C.

Many thanks to the Bethel Historical Society for hosting a Business After Hours last Monday and for bringing the chamber members up to date on the society's capital expansion plans. Donations to the society for the capital expansion can be sent to P.O. Box 12, Bethel, ME 04217-0012, and should indicate "Capital Campaign."

The Membership Committee would like to invite all new members of the chamber (those who have joined in 1997) to a New Members Reception at the chamber office in the Bethel Train Station on Monday, Oct. 6, from 6 to 7 p.m. Refreshments will be available.

October Business After Hours is scheduled for Monday, Oct. 20, at the Crocker Pond House on the Northwest Bethel Road from 5:30 to 7:30 p.m. Business people having concerns about signage in and around the village of Bethel are encouraged to attend a meeting on Wednesday, Oct. 15, at 6 p.m., location to be announced. In an attempt to have everyone's views heard, it is important to have a good representation of business people in the Bethel village and in the surrounding areas.

Chamber members are reminded that in order to take advantage of the best discount, season ski passes to Sunday River should be purchased by Oct. 14.

He was born in West Paris on April 21, 1932, son of the late Walter and Roxanne (Baker) Inman. He attended West Paris schools.

On Aug. 24, 1973, he married the former Mary Conant and they made their home the past three years in Perkins Valley, South Woodstock, coming from South Paris. They had spent a number of years traveling the country prior to settling in

Mr. Inman also served in the Korean and Vietnam conflicts and was stationed for 18 months at the South Pole as part of the first Operation Deep Freeze, where he helped conduct low-
